Pre-Requisites:

- **python3** in the wiki indicates python version-3.x .
Uninstalling the devNext

To Uninstall the devNext please run the following Command from your CLI.

```
python3 -m pip uninstall devNext
```

Note:

python3 indicates the binary name to access python version-3.x - If **python** or **py** is being used to access python version-3.x in the terminal, replace **python3** in the above commands correspondingly
